Deb,

Here is where this stands – I have been researching this and here is what I have found.

- I checked all the service agreements and amendments for the plans that detail what our expenses are and generally how they are charged and I could not find any indication that we were only charging for one plan.
- New service agreements were executed last year when we all the funds were changed and the plan service credits were eliminated with the per head fee also being reduced – they did not reflect consolidating participants for fee billing purposes.
- I double checked with Kristin Woycke and she did recall conversations about overlapping employees – basically supporting how the plan was billed the last few years.
- I spoke with Chris Engelhardt about this and there are a few more things he wants me to check into before we can potentially issue a new invoice.

I hope to have the answers to my additional areas to check into today.

I appreciate your patience on this, I apologize it has taken so long however my goal is to get this resolved and documented so we do not have to worry about it going forward.

Chris

Hello Christine could you investigate our billing statement?

We received two (2) invoices:

INV0005341 (401A) 2579 participants @ \$29 = \$74,791.00 (080253)
INV0005342 (403B) 2209 participants @ \$29 = \$64,061.00 (069163)

Should we be billed for each individual account? I believe we have paid in the past for the per participant rate for the 401 (a) only?

Deb
